Since its establishment in 2016, the Annual Conference of CNABS Asset Securitization has developed into the most active and influential local summit forum in ABS industry in China. The CNABS "Golden Laurel Awards" selection aims to recognize institutions, individuals and projects that have made outstanding contributions to the development of the industry in China.

The awarded “Zhenjiang New Energy – Bangkok Bank Solution for Account Receivable Pledge” is a landmark achievement jointly created by Bangkok Bank China and China Chengxin Heyi. In response to the challenge of activating the accounts receivable for new energy enterprises, Bangkok Bank China has innovatively integrated the industry standards of asset securitization into the accounts receivables pledge management system, establishing a new paradigm for full-process risk control and fine management of pledge collateral for the financing of Jiangsu Zhenjiang New Energy Equipment Co., Ltd., which effectively solved the problem in the end.

In the Pre-ABS business field, Bangkok Bank China has also made remarkable achievements. As a major financing bank, Bangkok Bank China has successfully promoted the landing of multiple key projects such as Shanghai Yixin Financial Leasing, Guojian Financial Leasing, etc., winning market recognition through professional solution and efficient resourcing. Being conferred “the Market Leading Pre-ABS Institution Award” once again is not only a recognition of the Bank's past achievements, but also an incentive for its continued deep cultivation in the fields of financial innovation and market expansion. In the future, Bangkok Bank China will continue to deepen interbank cooperation and infuse new energy in promoting the high-quality development of China's asset securitization market.
